

# Pre-Post Op

In our experience, the **85 Series Classic Recliner** (Part # 858), with the options and accessories listed below, is Champion's most popular and preferred chair for Pre-Post Op therapy.

The 85 Series carries weight up to 300 lbs. with a bariatric version (Part # 868) up to 500 lbs. available.

**Removable seat** for ease of cleaning.

Standard features such as 5" casters, retractable foot tray and push handle are perfect for **patient transport**.

**Wall hugger** design for tight spaces and greater stability.

**Soft medical grade vinyl** (optional).

**Wide arm surface** for starting IV.

**Swing away arms** open 180° for easy patient transfer and infection control.

(Product shown with foot tray extended.)
