Secura Performance Fabric

by MOMENTUM

Offering a proprietary PVC-Free product with a luxury woven look, Champion's **Secura** satisfies with a soft hand and is extremely durable with 500,000 double rubs life.

This performance covering supports the harsh demands of healthcare, while offering the welcoming appearance of a textile.

This PFAS-Free pattern has a patented water base polyurethane top layer along with an antibacterial agent that kills harmful bacteria. This unique combination is made with no harmful chemicals and zero plasticizers.

Antimicrobial Standards:

- AAMI TIR12 – Designing, testing, and labeling reusable medical devices for reprocessing in health care settings. A guide for medical device manufacturers.
- AAMI TIR30 – A compendium of processes, materials, test methods, and acceptance criteria for cleaning reusable medical devices.
